ABU DHABI · SINCE 1994

THREE DECADES OF FIELD CAPABILITY.

Petroleum Machinery and Technical Equipment - L.L.C. - S.P.C. (PMTE) is an Abu Dhabi contractor supporting complex demolition, earthworks, marine and industrial assignments.

Established on 19 January 1994, the company has documented experience with government and private-sector clients across exhibition facilities, urban redevelopment, waterfront environments, education assets and regional site works.

PMTE combines practical site teams, project-specific machinery and coordinated transport support to deliver defined scopes safely and methodically.

LOCATION	Abu Dhabi
SCOPE	School demolition and removal work

The background of the entire page is a photograph of a very tall, dark-colored building that is in the process of being demolished. The building's structure is visible, showing many floors and a complex facade. The sky is a clear, bright blue. The image is split into two main vertical sections by a dark, semi-transparent overlay on the left side where the text is located.

MAJOR ACHIEVEMENT · 27 NOVEMBER 2020

165.032 METRES

ASSOCIATED WITH A GUINNESS WORLD RECORDS CONTROLLED-DEMOLITION ACHIEVEMENT.

PMTE was associated with Modon Properties on the controlled demolition of a 165.032-metre building in Abu Dhabi on 27 November 2020. This statement identifies PMTE as an associated contractor and does not imply that PMTE was the sole record holder.

PROJECT-SPECIFIC MOBILISATION

EQUIPMENT
MATCHED
TO THE WORK.

The supplied profile records more than 25 vehicles and machines. Quantities, performance ratings and specifications are intentionally not stated where the source evidence does not confirm them.
